AGATA VIDEO MONITOR LIFT BUTTON CONTROL

Q N° 8455 (Page 2 of 2)

How do I enable the button in the lift for my floor from my video monitor?

Press the lift button  on the video monitor to enable the button for your floor inside the lift.

If the  does not work, then press the  instead.

Remember to always tell your visitor which floor button in the lift to press.

Dimensions code: 190mmH x 170mmW x 39mmD

RESIDENTS:

When a visitor calls you from the video panel in the lift, press the  button to enable the button for your floor inside the lift. The visitor will still need to press the actual button in the lift. If this does not work then use the  button.
