Secured by Design

Official Police Security Initiative

Secured by Design (SBD) is the official UK police crime prevention initiative that works to improve the security of buildings and their immediate surroundings and to thereby help people live more safely. Secured by Design is the only way for products to achieve police recognition in the UK. In order to achieve Secured by Design status, the **IPGUARD** 4G/IP/GSM Smart Technology Visitor Panels (PRO, MINI, MINI PLUS, TOUCH), **EVE196-X3-RS BATICONNECT.COM** proximity reader door controllers, **IPVIEW** full IP/PoE Video Panels, **PX10/PX11** and **LPTRS** Proximity Readers and **PORTACODE** Keypads had to adhere to rigorous test standards to meet the Police Preferred Specification. The principles of Secured by Design have been proven to reduce the risk of crime and the fear of crime.

The products listed above have all been tested as a critical component within the British security standard LPS1175-SR2. The product it was tested in is a Premier doorset – BRE/LPCD Certificate No 1097A, dated 28/03/22.
